PROFILE

Full-stack developer & CTO with strong expertise in UI/UX, AI automation, and digital transformation. Proven experience in process digitalization, with applications deployed for thousands of users. I managed the end-to-end project lifecycle, from requirements analysis to deployment and user support, alongside technical coordination

PROFESSIONAL EXPERIENCE

Information Systems Technician | UM6SS Since July 2024

Requirement analysis and full-stack delivery of 6 digitalization projects (development, deployment, process improvement, maintenance, and user support) across 5 cities and 7 campuses.

Realized projects :

- **Stages-UM6SS** — Complete digitalization of the internship management process. **(React.js, Laravel, MySQL)**
- **E-Portfolio** — Academic documentation platform. **(React.js, Node.js, MySQL)**
- **Photo-UM6SS** — Enrollment application integrated with BIOSTAR2 API, automating user creation and photo upload to the system and OneDrive. **(React.js, Laravel, MySQL)**
- **Absences** — Tracking of absences (classes/exams), interfaced with Biostar2. **(Laravel, API Biostar2)**
- **Evalbox-Logins** — A solution for students to access their Evalbox exams via QR code during Outlook failures. **(React.js, Laravel, MySQL)**
- **Évaluations-Classes** — Automated generation of Google Forms and QR codes for classes evaluations. **(Python, Tkinter, Google APIs)**

Co-Founder & CTO | My Coach Since April 2024

- SaaS platform connecting sports coaches and clients.
- I oversaw the design, development, and launch (go-to-market) of the platform, while managing strategic decisions and team supervision

Full-Stack Developer & UI/UX Designer | X Capital

March 2024 – June 2024

- Designed complete UI/UX system. **(Figma)**.
- Built responsive interfaces & API integration. **(React.js)**

EDUCATION

- **Bachelor's in Internet and Mobile Development (Double Degree)** | Oct. 2024 – July 2025
 - ULCO (France) — ENSIT (Maroc)
- **Software Engineering Program** | May 2023 – Nov. 2024
 - Holberton School & ALX Africa
- **Diploma in Full-Stack Development** | Sep. 2022 – June. 2024
 - Institut Spécialisé de Technologie Appliquée (ISTA), Casablanca
